Erkebulan Daiyrov became Best Asian Actor at Cannes World Film Festival

23 July Brod.kz (/user/profile/?id=2598) 101 0

Erkebulan Daiyrov (<https://new.brod.kz/persons/erkebulan-daiyrov/>) won Best Asian Actor at the Cannes World Film Festival for a film "Sunflower" (<https://new.brod.kz/films/prichal/>)...

Not to be confused with the International Cannes Film Festival, which recently ended on the Croisette. The Cannes World Film Festival is a monthly and annual IMDb international qualification competition. The mission of the competition is to find rare gems, highlight new talent and a new wave of filmmakers around the world.

The jury of the competition, consisting of 7 representatives from the film industry, the music industry and other artistic and cultural spheres not related to the films participating in the competition, awards the best films in each category through private screenings.

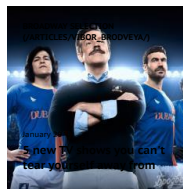

All official qualifiers, semi-finalists, finalists, nominees and winners will receive Official Laurels. Monthly award winners will also receive an Official Digital Certificate and will be able to upload their credits to IMDb. All winners of the month automatically enter the annual competition for a chance to win a trophy and the opportunity to show their film at the famous theater in Cannes, the capital of world cinema.

The painting "Sunflower", filmed in 2019 by the director Eley Gilman (https://brod.kz/persons/elya_gilman/), did not reach the screens of domestic cinemas due to pandemic restrictions. However, the film still makes its way to rare world film festivals. And I have already received in the past year prize at the Venice Film Awards in the category "Best Director of a feature film".

Фильм расскажет зрителю про подростка, который попал под интернет-зависимость, что впоследствии отразилось на взаимоотношениях в семье, а также на обучение в школе.

У фильма интересный актерский состав. Из звездных казахстанцев в ролях заняты **Еркебулан Дайыров** и **Жандос Айбасов** (https://brod.kz/persons/jandos_aybasov/). Из иностранцев — эстонско-российский актер Кирилл Кяро («Нюхач»), сербская актриса Слобода Мичалович (снималась с Моникой Беллуччи у Эмира Кустурицы в картине «По Млечному пути»). Ну, а главную роль неожиданно ярко для новичка исполнил алматинский подросток **Рашид Мусин**.
